catalogo 2022

La nuova collezione RB lascia spazio alla bellezza del corpo lampada,
inteso come scultura luminosa,
che fonde funzionalità ed estetica,
come polo accentratore dello sguardo,
ma sempre discreto, delicato, raffinato e semplice.

Perché è nella semplicità che risiede l'eleganza,
resa preziosa da materiali d'eccellenza come l'ottone,
nella sua versione naturale o brunita.
